## DS1400 | HINGED DOOR FURNITURE

Doric's DS1400 Series hinged door furniture is cast from aluminium and finished in either black or white powder coat. Suitable for use in residential applications.

This unsprung handle is easy to assemble and has been the industry standard for over 20 years. Once the escutcheon plates are fitted, the lever is attached to the spindle and secured by a M5 grub screw.

The DS1400 has a 85mm pitch between lever spindle and the keyed cylinder barrel and is suitable for Doric Swing Bolt Euro cylinder mortice locks listed below.

The DS1400 furniture is kitted with Doric DS1265, DS1289 and DS1295 mortice lock packs.

### ADVANTAGES

- Lever and Escutcheon manufactured from cast aluminium
- Durable powder coat finish
- Suitable for hinged doors in single french and bi-folding application
- Easy installation
- Universal standard 85mm pitch between lever spindle & cylinder barrel
- Lever can be rotated for left or right handing

### PRODUCT DETAILS

## DS1500 | HINGED DOOR FURNITURE

Doric's DS1500 series hinged door furniture is suitable for residential & commercial entrance door applications. Finished in Satin Stainless steel, both the lever and escutcheon cover are manufactured from marine grade 316 Stainless steel.

The high pressure cast zinc escutcheon chassis houses the high performance spring mechanism. Each handle consists of a Quad sprung, Twin shuttle, Cam action spring mechanism to return the levers to its horizontal position time after time.

The DS1500 is suitable for Euro Cylinder mortice locks with 85mm pitch between lever spindle and the keyed cylinder barrel.

The DS1500 furniture is kitted with Doric's DS1265, DS1289 and DS1295 mortice lock packs.

### ADVANTAGES

- Lever and Escutcheon cover manufactured from marine grade 316 Stainless steel
- Quad sprung, Twin shuttle, Cam action spring mechanism
- Universal standard 85mm pitch between lever spindle & cylinder barrel

# DS1600 | HINGED DOOR FURNITURE

Doric's DS1600 Series hinged door furniture is suitable for use in residential applications and is available in a wide range of durable powder coat colors with 17 degree lever shaft layback.

This lockset increases the clearance between the lever and the door frame, advantageous when opening with a narrow backset mortice lock.

Levers and escutcheon plates are manufactured from high pressure cast zinc, enhancing both strength and durability. Each handle consists of a Parallel leaf spring assembly to return the levers to the horizontal position.

Suitable for Euro Cylinder mortice locks with 85mm pitch between lever spindle and the keyed cylinder barrel.

The DS1600 furniture is kitted with Doric DS1265, DS1289 and DS1295 mortice lock packs.

## ADVANTAGES

- Lever and Escutcheon manufactured from high pressure cast zinc
- Parallel Leaf Spring Assembly spring mechanism
- 17 degree lever shaft layback for greater clearance during opening
- Universal standard 85mm pitch between lever spindle and cylinder barrel
- Non handed mechanism allows for easy selection on site for left or right hand doors

## PRODUCT DETAILS

MATERIAL	High pressure cast zinc
FINISH	Powder coat or Satin Chrome
SUITABILITY	Hinged door in french or bi-folding application
